Smallpox and typhus fever.—During the week ended May 8, 8 cases of smallpox and 2 cases of typhus fever were reported at the health office of the city of Naples.

JAPAN.

KOBE—Inspection of Vessels—Plague at Osaka.

Acting Assistant Surgeon Moore reports, April 27:

Week ended April 23. Supplemental bill of health issued to 1 steamship and original bill of health to 1 steamship. Members of crews inspected, 137; steerage passengers, 28; members of crews bathed 74; steerage passengers, 28; effects disinfected; pieces of baggage steamed 149; bedding, 56. Manifests viséed for 10,769 pieces of freight amounting to 1,060 tons. During the week 23 cases of human hair and 7 cases of household goods were disinfected. One vessel was disinfected to kill vermin.

Emigrants were inspected and passed as follows: Per steamship *Kamakura Maru* for Seattle, 14. The emigrants passed, together with 14 intending passengers to Victoria, were inspected and bathed and their effects were disinfected with steam. All emigrants were 7 days in detention at Ono quarantine station.

From April 6 to 15, there were 2 cases of plague with 2 deaths at Osaka.

NAGASAKI—Smallpox on Steamship Mongolia.

Sanitary Inspector Bowie reports, April 28:

The steamship *Mongolia* arrived April 21 with a case of smallpox on board, the patient being a Filipino steerage passenger. The patient was landed and the crew and passengers were bathed and their quarters were disinfected.
